THE ART OF MAKING ART

Opera Eventi is a national organization active in the production of artistic events, bringing together high-level musicians, expert arrangers, and qualified conductors to create high-quality projects.

Thanks to collaborations with leading entertainment professionals and the organization of events in prestigious locations—from the Colosseum to St. Peter's—the company creates unique experiences, tailor-made for each client. Each event is developed with attention to every creative and organizational aspect, involving the client at every stage of the process and transforming their needs into concrete solutions, balancing professional expertise with artistic sensibility.

Opera Eventi offers a creative approach that goes beyond simple entertainment, transforming every event into a meticulously crafted artistic experience. The performances, always live, are designed with attention to both scenography and the quality of the execution, drawing inspiration from evocative visual contexts and high-quality productions.

Listening to the client is at the heart of our work: the company interprets the needs of every situation, from institutional settings to the most dynamic corporate events, managing all organizational aspects in a coordinated manner. From choosing the locations to ensuring audio and video technical support, every phase is meticulously managed.

This approach allows us to develop tailor-made projects, in which the client's values are translated into coherent and effective experiences, with a balance between organizational quality and artistic impact.

TECHNOLOGY AND CRAFTSMANSHIP

Opera Eventi combines artisanal expertise and technological innovation to create high-quality productions. A key role is played by the in-house tailoring department, where each costume is designed and crafted with meticulous attention to detail, helping define the artists' stage identity and enhancing each performance.

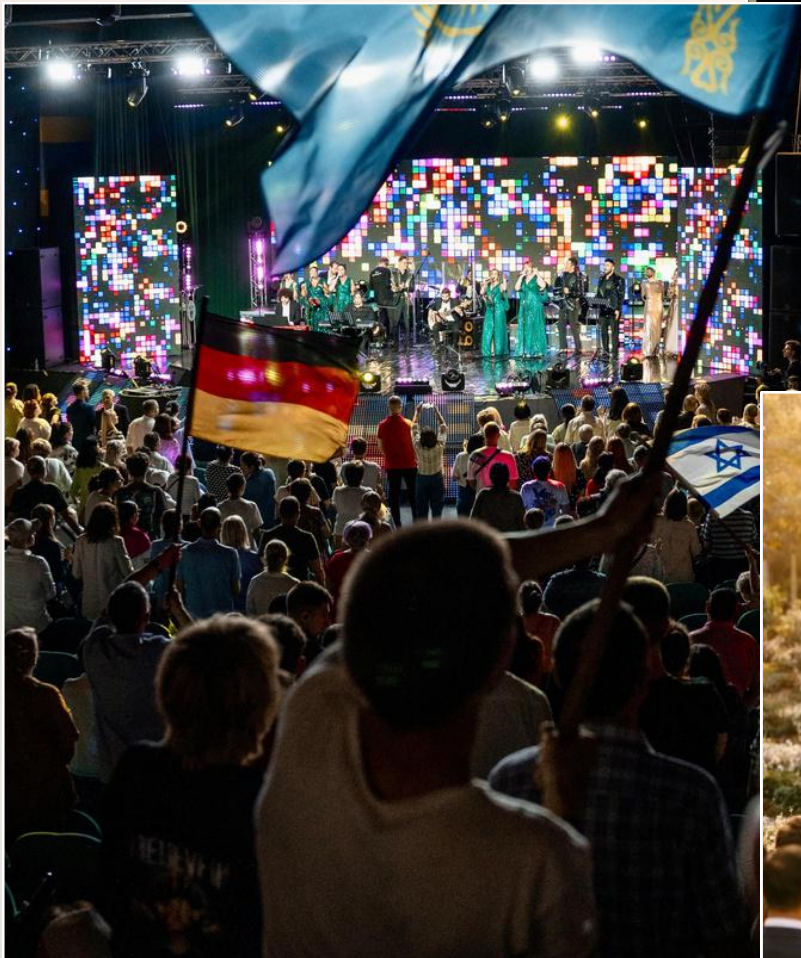

This focus is complemented by an innovation-driven approach, which includes the use of advanced technologies such as drone shows and video mapping solutions. The goal is to create engaging and contemporary events, combining tradition and new technologies to offer impactful visual and artistic experiences.

GOSPEL

Opera Eventi's Gospel program stands out for its high level of execution, offering engaging and impactful choral performances. The group is composed of professionals with experience in solo and theatrical performances, capable of guaranteeing technical solidity and vocal quality.

Inspired by major international productions, the repertoire is interpreted with a modern approach that highlights the Gospel tradition through a dynamic stage presence. The result is a structured and professional musical offering, designed to offer effective, high-quality performances in a variety of contexts.

POPULAR MUSIC

Opera Eventi's Popular Music program highlights the cultural and musical heritage of tradition, refocusing on "popular song" in an authentic and contemporary way. The repertoire is performed by professional singer-actors, capable of combining vocal expertise and expressive ability.

Each performance is carefully crafted, with the goal of effectively narrating the stories, values, and identities tied to tradition. Thanks to a thoughtful approach to both music and interpretation, folk music is presented as an engaging experience, combining artistic quality, respect for its origins, and emotional impact.

DISNEY

Thanks to its collaboration with Disney and participation in internationally renowned events, such as the Grace for the World performance in St. Peter's Square, Opera Eventi develops wide-ranging artistic projects that engage diverse audiences.

Among these, a show inspired by the Disney universe offers a musical journey through some of the most iconic songs, accompanied by the figure of Mary Poppins as a narrative element. The project is conceived as an immersive experience, combining music, theater, and storytelling.

The production features a cast of twelve performers, a forty-piece choir, and orchestral accompaniment, with a strong focus on performance quality and scenic impact. Each piece is enhanced through meticulous staging, aiming to offer an engaging show that combines entertainment and artistic quality.

CLASSICAL MUSIC

The classical music repertoire is a central element of Opera Eventi's artistic identity. At the heart of the program is the Symphony Orchestra, composed of top-level musicians capable of interpreting the great repertoire with precision and performance quality.

Completing the program, collaborations with professional opera singers allow us to enhance the heritage of Bel Canto, offering performances of strong artistic impact. The attention to sound quality and interpretation makes each performance a carefully curated and high-quality experience.

Opera Eventi thus proposes classical music as a suitable solution for contexts that require artistic solidity, elegance, and a high cultural level.

JAZZ

Jazz in Opera Events is an opportunity to celebrate freedom of expression and sonic quality. The repertoire is performed by expert musicians, capable of creating engaging and refined atmospheres through improvisation and rhythmic focus.

The arrangers transform contemporary songs with a 1920s-inspired style, reinterpreting songs from different eras with swing and jazz influences. This approach allows for an original and elegant musical experience, combining retro charm with modern sensibility, designed for an audience that appreciates sophistication and creativity.

MUSICAL

The Musical genre at Opera Eventi represents the union of music, storytelling, and theater to create engaging and memorable experiences. The strength of this approach lies in the ability to combine harmony, interpretation, and stagecraft into a complete experience for the audience.

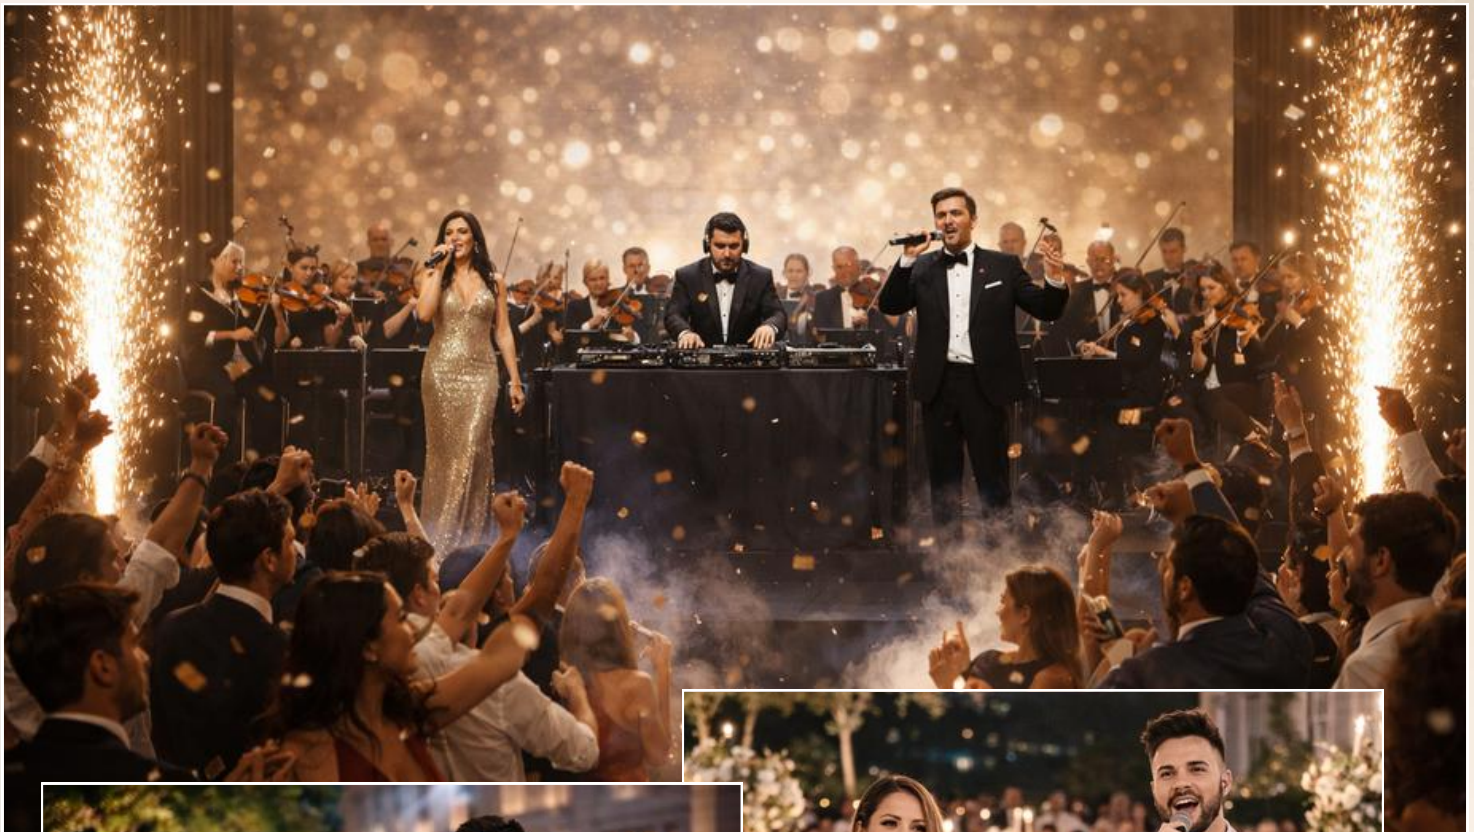

The productions select professional and versatile performers, capable of leading spectators through diverse narrative universes, from classic fairy tales to contemporary productions. Choosing Opera Eventi means choosing a show meticulously crafted down to the last detail, where technique, voice, and scenography blend together to offer an immersive, high-quality experience.

DANCE MUSIC

Dance Music at Opera Eventi is reinterpreted as a complete live experience, where instruments and choir transform the most popular hits into unique and engaging performances. The energy of the genre combines with the power of organic sound, creating an intense sensory experience for the audience.

The program features a live orchestra and choir, with the goal of providing audiences with a moment of sharing and enjoyment, where music, rhythm, and emotion blend seamlessly. Relying on Opera Eventi means transforming a simple musical event into a high-quality experience, meticulously crafted and capable of engaging audiences from start to finish.
